

Everything you need to support your aircraft since 1964

As an authorized Honeywell dealer, we offer the Maintenance Service Plan (MSP) contract formerly HAPP and MPP.

Extended warranty programs that covers your Honeywell aircraft's avionics, environmental and cabin control systems. This program provides predictable and planned maintenance costs for these vital systems and are designed for both general and business aviation. Here are some of the benefits:

- Full coverage on exchange and repair services
- No-charge loaners
- 24/7 AOG emergency service
- Fleet discounts
- Paid airfreight
- Factory-backed support identical to your original factory warranty
- Flexible payment options—renew annually
- Upgraded Gold Service is available
- **Discounted pricing if purchased through Cosgrove Aircraft Service**

In addition to the off the shelf exchanges, we offer Collins Aerospace Corporate Aircraft Service Program (CASP)

Popular with corporate aircraft operators, the program produces maximum aircraft dependability while reducing life cycle costs and minimizing downtime. Here are some of the benefits:

- Rental/exchange
- Removal and replace coverage
- Comprehensive reliability upgrades
- Component repairs and no faults found testing
- Improved aircraft resale value
- 24-hour service
- **Discounted pricing if purchased through Cosgrove Aircraft Service**
